

## Task Days

**April Task Day** – was held at Rivelin Cornmill where volunteers split into groups to complete a number of different tasks. The benches and information boards were cleaned and we also did a litter pick and the area was left looking clean and smart. A group of volunteers also tackled the willow tunnel which requires constant maintenance to keep it in shape.

*Antony Davenport replacing the barbecue stands on the picnic benches.*

*Scott Berg and Antony Davenport fixing the steps up to the picnic bench area*

*Volunteers cleaning the seating area*

*Gareth Rees clearing undergrowth with a dangerous looking slasher*

*A young volunteer working on the willow tunnel*
