

December – replacing the Rivelin Park Willow

Wednesday 16th December saw RVCG replace the willow by Rivelin Park which was blown down in a storm a while ago. With the help of the council Woodland team a suitable replacement has been sourced. Planting included tree supports to hopefully give the young tree a helping hand from the winter winds whilst it establishes itself. Present for the planting was Neil Porter (RVCG Chair), Graham Appleby (RVCG Taskteam leader), Roger Kite and Christine Roe (both RVCG committee members).
